profile.jpg

Professional Summary

Motivated and detail-oriented AI & Machine Learning undergraduate with hands-on experience in Artificial Intelligence, Machine Learning, Prompt Engineering, Full-Stack Development, Data Analysis, and Software Engineering. Passionate about building intelligent systems, solving real-world problems, and creating impactful AI-powered applications.

Education

B.Tech in Computer Science (AI & ML)

Sri Venkateswara College of Engineering and Technology, Chittoor
2023 – 2027

- Strong foundation in Artificial Intelligence, Machine Learning, Data Science, and Software Engineering.
- Active participant in coding competitions, technical workshops, and hackathons.

Technical Skills

- Python
- Machine Learning
- Artificial Intelligence
- Prompt Engineering
- Data Analysis
- React.js
- Tailwind CSS
- Supabase
- SQL
- MongoDB
- Git & GitHub
- API Integration
- OOP Concepts
- Problem Solving
- Data Visualization

Projects

AI-Driven Tutoring Platform

- Personalized learning platform using AI.
- Adaptive quizzes and performance analytics.
- Developed using React, Tailwind CSS, Supabase, and Gemini API.

Jarvis AI Assistant

- Voice-controlled assistant developed using Python.
- Performs task automation and smart voice interactions.
- Supports speech recognition and text-to-speech functionalities.

Machine Learning Research Project

- Research on predicting material hardness using Machine Learning.
- Performed preprocessing, training, evaluation, and visualization.
- Tools: Python, Pandas, Scikit-Learn, Matplotlib.

Certifications

- IBM SkillBuild Certification in Artificial Intelligence and Machine Learning
- Python Programming Certification
- Design Thinking Certification by Larsen & Toubro
- National Certificate for Paper Presentation – Techno Rendezvous

Prompt Engineering Expertise

- Designing effective prompts for Generative AI systems.
- Optimizing AI outputs for educational and business applications.
- Experience with ChatGPT, Gemini, and modern AI workflows.
- AI content generation and automation.
- Prompt optimization techniques for accuracy and reliability.

Experience & Activities

- AI & Machine Learning Research Projects
- Hackathons and Coding Competitions
- Open-Source Contributions
- Leadership in Technical Communities
- Freelance Technical Support and Academic Projects

Languages

- English
- Nepali
- Hindi

Soft Skills

- | | |
|----------------------|-----------------------|
| • Communication | • Critical Thinking |
| • Leadership | • Problem Solving |
| • Time Management | • Adaptability |
| • Team Collaboration | • Continuous Learning |
